

Full job description

Job Overview:

We are looking for a skilled and motivated **Python Developer** to join our development team. You will be responsible for designing, developing, and maintaining robust backend systems and APIs, while working on scalable, high-performance applications in a fast-paced environment.

Key Responsibilities:

- Write clean, scalable, and efficient Python code
- Design and implement RESTful APIs and backend logic
- Integrate user-facing elements developed by front-end developers with server-side logic
- Develop and maintain databases (PostgreSQL, MySQL, MongoDB, etc.)
- Work with cloud platforms like AWS, Azure, or GCP
- Collaborate with cross-functional teams including frontend developers, product managers, and QA engineers
- Troubleshoot and debug applications
- Ensure performance, security, and scalability of applications
- Stay up to date with emerging technologies and best practices

Requirements:

- Bachelor's degree in Computer Science, Software Engineering, or related field
- **2 years** of hands-on experience in **Python development**
- Solid understanding of **Django, Flask, or FastAPI**
- Experience with **ORMs, REST APIs, and Microservices Architecture**
- Strong knowledge of **databases** (SQL & NoSQL)
- Familiarity with **Docker, Git, CI/CD, and Agile development**
- Bonus: Experience with **JavaScript frameworks** (React, Vue, or Angular) and **DevOps tools**
- Strong analytical and problem-solving skills

Preferred Skills:

- Experience with cloud services (AWS, GCP, etc.)
- Exposure to **machine learning, AI models, or data pipelines** is a plus
- Ability to work independently and in a team environment

Why Join Us?

- Competitive salary and growth opportunities
- Work on cutting-edge technologies and real-world projects
- Collaborative and inclusive work culture
- Opportunities to upskill and cross-learn with other stacks

Job Type: Full-time

Pay: Rs60,000.00 - Rs160,000.00 per month

Ability to commute/relocate:

- Islamabad: Reliably commute or planning to relocate before starting work (Required)

Education:

- Bachelor's (Required)

Experience:

- Python development: 2 years (Required)

Location:

- Islamabad (Required)

Work Location: In person
